Espria have been working with our chosen charities since 2010. We have raised over 80K and continue our commitment to partner with them. We also like to donate to local projects near our offices, including supporting our local cricket club, funding for a defibrillator for our local village, and many other worthy local causes. We also support many of our team members when they choose to raise money for charity.

We donate to a wide range of charities so that we know we are contributing to a variety of worthy causes.

Espria will make charitable donations as an essential part of our corporate responsibility. Should you wish to know more about the charities we donate to, then please get in touch.

### Marie Curie

We have been donating to Marie Curie for many years and have a very close relationship. They provide care and support for more than 40,000 people living with a terminal illness and their families in the UK each year.

Their nurses work night and day, in people's homes across the UK, providing hands-on care and vital emotional support. Their hospices offer specialist round-the-clock care. And they help people throughout their illness by giving practical information, support from trained volunteers and being there when someone wants to talk.

### Together For Short Lives

TG4SL's makes sure that seriously ill children and their families, make the most of every moment they have got. Espria has been donating to this amazing charity for many years and stand committed in supporting the incredible work they do.

### Blue Cross

Blue Cross is a charity that has been helping sick, injured, abandoned and homeless pets since 1897. Pets help us in so many ways and they depend entirely on us. That's why at Blue Cross we believe in helping pets because pets help us. We help thousands of pets every month and with your support we can give back to more pets in need.

### International Tree Foundation

International Tree Foundation's UK Community Tree Planting Programme supports grassroots community engagement in tree planting. The programme has supported 50 small-scale projects over the last 20 years, from community orchards to native woodland planting. ITF is now seeking to continue and expand this work with a new round of UK tree-planting projects in 2020, focused on community-led initiatives in Oxfordshire and the surrounding counties. We award grants of up to £1000 to local community projects.

We now work actively with our clients and the ITF to support the amazing work they do

- 2.2 The Customer will use its best endeavours to obtain third party finance from a Funder and to enter into a Rental Agreement as soon as possible after the date of this Order Form.
- 2.3 The Supplier shall use reasonable endeavours to assist the Customer with its application for third party finance from a Funder but shall have no liability to the Customer if any application the Customer makes fails to secure the finance requested.
- 2.4 The Customer will make available to the Supplier or a Funder all information reasonably requested by either of them in support of its application for finance for the Equipment.
- 2.5 If the Customer's application for third party finance with a Funder is unsuccessful, the Supplier may, in its sole discretion, provide finance for the Customer and enter into a Rental Agreement with the Customer directly, but shall be under no obligation to do so. If the Supplier is agreeable

- to this the Customer agrees that it will enter into the Rental Agreement accordingly.
- 2.6 Once the Customer has entered into a Rental Agreement, the Customer will be bound by the provisions of the Rental Agreement and consequently the Customer cannot cancel the hire of the Equipment unless otherwise permitted in accordance with the terms of the Rental Agreement.
- 2.7 If the Customer's application for third party finance with a Funder is unsuccessful and the Supplier is unable or unwilling to enter into a Rental Agreement with the Customer, the Supplier will notify the Customer accordingly and the order for Equipment will be deemed cancelled without any liability on the Customer or the Supplier except in respect of the Customer's liability to pay for Pre-Installation Services unless the Customer elects to purchase the Equipment without using third party funding.

The Customer agrees to use all reasonable endeavours to assist the Supplier to enable the Pre-Installation Services to be carried out (including without limitation providing access to any property reasonably required by the Supplier) notwithstanding they are carried out prior to the entry into a Rental Agreement.
